***(The Importance of
Engineering Working with
Operations)***

November 6, 2009

8:15 a.m. – 3:30 p.m.

Registration Fee: \$75

To be held at

MITAGS 
MARITIME INSTITUTE OF TECHNOLOGY & GRADUATE STUDIES

CWEA Collection Systems Conference

As part of the Chesapeake Water Environment Association (CWEA) Collection System Committee's (CSC) mission to share knowledge and experience with wastewater professionals in the greater Chesapeake Bay area, the CSC is continuing a series of informative seminars on issues concerning the operation and maintenance of collection systems. These seminars are a good opportunity for you to interact directly with your colleagues and to gain new ideas related to keeping your collection system in top shape.

This seminar, entitled *It Takes 2*, features many leading experts from municipalities & engineering firms discussing the implementation & administration of communication & cooperation between Operations & Engineering.

The CWEA CSC currently has 70 members active in promoting education and outreach. If you are interested in joining us, please contact the CSC Chair Laurie Perkins at 410-242-3838 or lperkins@rjn.com.

It Takes 2 Agenda

- 7:30 Registration and vendor exhibits
- 8:15 Welcome & Opening remarks by Laurie Perkins, P.E. RJN
- 8:30 Keynote Speaker: ***Invert the Organization Chart for Important Design Information*** – George Martin, Greenwood, SC
- 9:15 Break with refreshments - exhibit area
- 10:00 ***Combined Teamwork Achieves Successful Inspection of the Dam Neck Force Main in Virginia Beach*** – Chris Carroll, Pure Technologies
- 10:30 ***Engineers and Operators Working Together: a 60 Minutes Style Expose*** – Hiram Tanner, District of Columbia Water & Sewer Authority
- 11:00 ***Taking the Next Step · Integrating GIS Into Collection System Maintenance and Capital Improvement Projects*** – Paul Sayan, P.E. Black & Veatch
- 11:30 Vendor raffle in exhibit area, followed by the ***famous MITAGS lunch***
- 1:00 ***Cooperation, You Got a Problem?*** – Rob Villee, Plainfield, NJ Area Regional Authority (PARSA)
- 1:30 ***It's a War Out There...Triage Approach to Sewer Maintenance*** – Rob Roff, New Castle County, DE
- 2:00 Break with refreshments - exhibit area
- 2:30 ***Separation, a Sewer Philosophy or Organization Dysfunction?*** – Richard Thomasson, Malcolm Pirnie
- 3:00 ***Sewer Empathy: Enhancing the Engineering/Maintenance Relationship*** – Phil Hannan, Black & Veatch
- 3:30 Adjourn

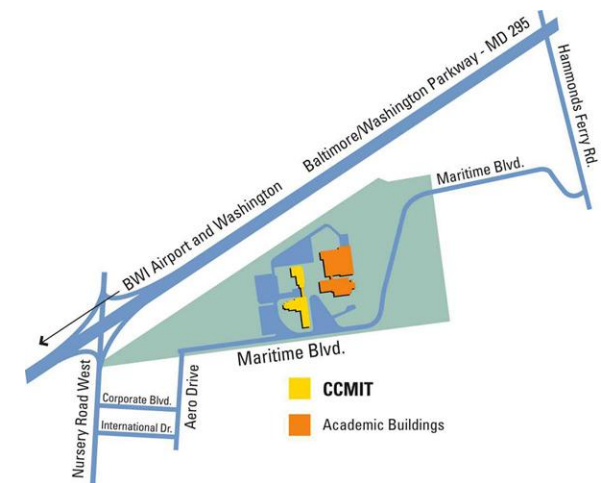

Maritime Institute of Technology

692 Maritime Boulevard

Linthicum Heights, MD 21090

Directions

The MITAGS campus encompasses over eighty-acres. The rolling grounds are tree-lined with ample room for jogging and other outside activities. This countryside setting is strategically located within the Baltimore-Washington

corridor. The campus is less than five miles from the Baltimore-Washington International (BWI) Thurgood Marshall Airport, the BWI Amtrak Station, and Interstate - 95.

For more detailed directions, visit the MITAG website: <http://www.mitags.org/t-directions.aspx>
