8:15 a.m. – 3:30 p.m.

Registration Fee: \$75

~~Registration after October 31, 2008: \$85~~

To be held at

Linthicum, MD

## CWEA Collection System Conference

As part of the Chesapeake Water Environment Association (CWEA) Collection System Committee's (CSC) mission to share knowledge and experience with wastewater professionals in the greater Chesapeake Bay area, the CSC is continuing a series of informative seminars on issues concerning the operation and maintenance of collection systems. These seminars are a good opportunity for you to interact directly with your colleagues and to gain new ideas related to keeping your collection system in top shape.

This seminar, entitled **F.O.G. Continued**, features many of the leading experts on cutting-through the problems that plague collection systems. Fat, oil and grease are leading causes of sanitary system overflows, and rob systems of needed capacity.

The CWEA CSC currently has 70 members active in promoting education and outreach. If you are interested in joining us, please contact the CSC Chair Laurie Terry at 410-242-3838 or [lterry@rjn.com](mailto:lterry@rjn.com).

## F.O.G. Continued Agenda

- 7:30 Registration and vendor exhibits
- 8:15 Welcome & Opening remarks by Laurie Terry, PE
- 8:30 Keynote Speaker **FOG: Where We've Been, Where We Are, and Where We're Going** – Leon Holt, Town of Cary, NC
- 9:15 Break with refreshments - exhibit area
- 10:00 **Microbial FOG Reduction** – George Pearson, BioStim LLC
- 10:30 **FOG Data Management Options** – Ben Peters, Linko Data Systems Inc.

Linthicum Heights, MD 21090

### Directions

The MITAGS campus encompasses over eighty-acres. The rolling grounds are tree-lined with ample room for jogging and other outside activities. This countryside setting is strategically located within the Baltimore-Washington

corridor. The campus is less than five miles from the Baltimore-Washington International (BWI) Thurgood Marshall Airport, the BWI Amtrak Station, and Interstate - 95. The campus is also near major tourist destinations, such as the Baltimore Inner Harbor, Annapolis, and Washington, DC.

For more detailed directions, visit the MITAG website: <http://www.mitags.org/t-directions.aspx>
